

# Declaration of Faith

I \_\_\_\_\_ do hereby declare that I will keep the ten rules listed in Exodus 20, commonly, known as the Ten Commandments. In connection with these ten rules, for clean living, I will speak and share the following.

## **1st Affirmation**

There is only one Creator who designed and made me.  
The Almighty Supplier gives me the tools to be free.

## **2nd Affirmation**

The Creator wants me to be able to communicate well. To this end, the Designer gave me a system of worship that excludes any images. This system is designed to help my brain develop skills to answer questions: even questions where some of the factors, of the problem, are unknown. This system of worship stimulates the development of mental facilities to communicate with and love people that do not look or sound like me.

## **3rd Affirmation**

The Creator gave me words to breath. The sounds I use should be healing to me and to the breathing things around me; this includes my food. The breathings of my lungs and the sounds I make, influence my spirit and the spirit of living things around me. I use my lungs as a set of wings on the inside. There is healing in my wings when I use them to their full potential.

## **4th Affirmation**

I will work for good food, for six days a week. Rest the seventh day. Don't require anything different from anyone else. Remember this rule, because rest and work, come from the beginning of time when everything was created.

## **5th Affirmation**

I will honor and respect my parents and elders. I accept the promise of a long life, on the ground that my Maker cursed as a blessing for us.

## **6th Affirmation**

I will help to sustain all life.

## **7th Affirmation**

I will have only one partner, for the rest of our lives. I will only consider making babies, or have or consider any type of sex with my life time partner.

## **8th Affirmation**

I will be creative and generous. I will give tools to my neighbors, tools that I made and or designed, tools that increase their quality of life.

## **9th Affirmation**

I will tell the truth.

## **10th Affirmation**

I will not consider my neighbors things for myself.
